Regular contact is made with homestay carers to ensure the well-being of students. The Assistant Principal in charge of International Students also maintains regular contact with students' parents to give assurance that students' pastoral needs are being met.

Te Awamutu College will endeavour to make students feel as comfortable and secure as possible when they are away from home. Our aim is to create learning success for every international student who comes through our doors.

We have a counsellor and deans available to assist all students. We also have a nurse available at school if students require health support or information. For international students specifically we have an Assistant Principal in charge of International Students who is responsible for their welfare. The Assistant Principal in charge of International Students provides overall guidance and contact between home and school.

Reporting

Parents of international students can expect to receive academic or progress reports during terms one, two and three, i.e. 3 times a year. We welcome contact with parents and encourage them to meet us if they have the opportunity to visit us. It is absolutely important to notify us of any change in contact details to maintain regular and unhindered communication.

Motor Vehicles

Te Awamutu College strongly advises International Students not to own or drive a car while at secondary school in New Zealand. New Zealand Government statistics show that up to 90% of young drivers are involved in road accidents in the first year of driving a motor vehicle. Students must discuss owning or driving a vehicle with the Assistant Principal in charge of International Students. Written permission from the student's parent, the Assistant Principal in charge of International Students and the homestay carer is also required.
